NEWS..HOT STUFF!!

Welcome to Betty Rader, a new member who lives in Folsom. She is a golfer and interested in meeting other active seniors.

We have been getting reports of life and stirrings in the realm of senior living! How shocking! Several of our members went for a three day, two night, camping experience to a state park just north of Fort Ross..It was a spur of the moment thing, not an EAGLES event, but it was possible because we got out of our ruts, came to a few meetings and made some friends we feel comfortable calling and asking..."Hey, how about...???" And it works!

Al Mc Connell took a tour of the Filoli Mansion and an orchid garden. He had a great time and highly recommends The sponsors of that tour, CALIFORNIA HALL OF FLOWERS. They are now hosting a bus tour to the wine country on Saturday, October 19th (with stops at The Garden Valley Ranch...where there is a great collection of roses, roses and more roses..followed by the Vlansa Winery & Villa, Bartholomew Winery & Museum and Hakuson Sake Garden). Four of us are currently planning to sign up. Call Al at 688-8695 for more details.

Other members have been seen at the Sacramento Theatre Company recently. Their current production showcases a mythological meeting of Thomas Edison, Henry Ford and President Harding as a way of exploring their characters, dreams and aspirations..and the reality of the world in which those dreams must be woven.. Sounds like our lives a bit? It is a first rate production and would have

EAGLES FLASH !!!

been even better if one of our members (who had auditioned for a part) had been included in the cast!

The Lambda Center hosted a community meeting this past Wednesday to highlight the findings of the U.C. Davis study on the Sacramento gay, lesbian and bisexual community. The report was made to a standing room only crowd. Several EAGLES attended, among them: Flora Keen, Larry Winters, Tom Harrison and Roy Bishop.
